RE: Building & Grounds Activity

DATE: 06/22/2015

Village Hall: American National Sprinkler activated the irrigation and tested the rain gauge. No items of significance were noted.

A-B-C Humane Wildlife applied the first of three preventive maintenance treatments at all Village buildings for bees, wasps, and hornets. Approximately two dozen paper wasp nests were removed.

Fire Station: The internal winch and lock were replaced on the flagpole.

General landscape maintenance and replacement of the flag at the Blue Star and Civil War plaques began from Memorial Day and concludes by July 4th.
