NOTICE AS POSTED

VILLAGE OF BARRINGTON HILLS
ZONING BOARD OF APPEALS
MacArthur Room – Village Hall
Monday, November 16, 2015

- 1. Call to Order/Roll Call:** The Meeting was called to Order at 7:35 p.m. by Chairman Dan Wolfgram. On roll call, the following members were present:

Dan Wolfgram, Chairman
Debra Buettner
Richard Chambers
Jan Goss
Patrick J. Hennelly
David Stieper
Jim Root

Absent: None

Staff Present: Robert Kosin, Village Administrator
Mary E. Dickson, Legal Counsel

- 2. Public Comments**

Residents Sharon Meroni and Bonnie Duresa commented relative to conduct occurring at 789 Plum Tree Road which they allege is not consistent with allowed uses of the property.

- 3. Minutes**

October 19, 2015

Member Goss moved, seconded by Member Chambers to approve the minutes of October 19, 2015, with the correction to item numbering, and the addition of Chairman Wolfgram's notice regarding video-taping of meetings to occur from a location within the back five feet of the meeting room so as not to disrupt the meeting.

On a voice vote, all Members voted "aye." The Motion Carries.

- 4. Appeal – 2 Barrington Road**

Chairman Wolfgram opened discussion relative to the Appeal of a Zoning Enforcement Decision affecting 2 Barrington Road, allowing specific public comment on the appeal.

Resident Fritz Gohl commented, reminding the ZBA that there are set back ordinances which must be respected.

Resident PK Johnson, 35 Brinker Road, also commented in support of the Property Owner.

The Property Owner, Cynthia Pinkos, read a statement into the record and tendered signatures of supporters. Prior to making such comment, Member Stieper voiced his objection to her attempt via this statement to present additional evidence when the hearing on the matter was closed at the October meeting. Chairman Wolfgram stated he thought it best to allow the Property Owner to make additional comment, allowing the same opportunity to James Busch, the Village Prosecutor. Mr. Busch indicated he had no objection to additional comment coming before the ZBA.

Following comments, Attorney Dickson advised the ZBA of her review of State law, and the Zoning Code relative to the vote required on this matter. In this regard, the Village Code, section 5-10-5 Appeals, provides that the ZBA may affirm or may, upon the concurring vote of five (5) members, reverse, wholly or in part, or modify the order, requirement, decision or determination, as in its opinion ought to be done, and to that end shall have all the powers of the officer from whom the appeal is taken. Thus, at this time, one of two votes is appropriate: the ZBA can affirm the Zoning Enforcement Officer, which requires a vote of a simple majority of those present and voting. For this purpose, the vote would be of four members. Alternatively, the ZBA could choose to reverse or modify the order of the Zoning Enforcement Officer, which requires five votes.

Discussion ensued relative to the votes taken at the last meeting. Member Root confirmed he has reviewed the transcript and materials submitted; therefore, he is prepared to be a voting member on this matter.

Following discussion, Member Goss moved, seconded by Member Chambers, that the ZBA override and nullify the Zoning Enforcement Officer decision to demolish the structure at 2 Barrington Hills.

Discussion of the motion was had, with Member Goss explaining the reasons for his motion, and members Root, Buettner and Stieper providing comment.

Roll Call: Members Buettner, Hennelly, Goss, Chambers, Stieper, Root and Wolfgram voting "aye." The Motion Carries.

5. **Adjournment**

Motion to adjourn by Member Stieper, seconded by Member Chambers at 8:36 p.m. On a voice vote, all members voting "aye." The meeting stands adjourned.

5-10-7: SPECIAL USES

(A) Purpose: The development and execution of a zoning ordinance is based upon the division of the Village into districts, within which districts the use of land and buildings and the bulk and location of buildings and structures in relation to the land are substantially uniform. It is recognized, however, that there are special uses which, because of their unique characteristics, cannot be properly classified in any particular district or districts without consideration, in each case, of the impact of those uses upon neighboring land and of the public or private need for the particular use at the particular location. Such special uses fall into two (2) categories:

1. Uses publicly operated or traditionally affected with a public interest.
2. Uses entirely private in character but of such an unusual nature that their operation may give rise to unique problems with respect to their impact upon neighboring property or public facilities.

(B) Initiation of Special Use: An application for a special use may be made by the owner of the subject property, or by another person having an interest therein with the written concurrence of the owner thereof, to use said property for one or more of the special uses provided for in this Zoning Title in the zoning district in which the land is situated.

(C) Application for Special Use: An application for a special use shall be filed in writing with the Enforcing Officer. The application shall contain such information as the Zoning Board of Appeals may from time to time, by rule, require. Notice of the time and place of such public hearing shall be published at least once, not less than fifteen (15) days nor more than thirty (30) days before the hearing in a newspaper of general circulation in the Village. The published notice may be supplemented by such additional form of notice as the Board, by rule, may require.

(D) Authorization: For each application for a special use the Zoning Board of Appeals shall report to the Board of Trustees of the Village its findings and recommendations, including the stipulations of additional conditions and guarantees that such conditions will be complied with when they are deemed necessary for the protection of the public interest.

The Board of Trustees may grant or deny any application for a special use; provided, however, that in the event of written protest against any proposed special use, signed and acknowledged by the owners of twenty percent (20%) of the property adjacent to the property proposed for a special use, and filed with the Village Clerk, such special use shall not be granted except by the favorable vote of two-thirds (2/3) of all the members of the Board of Trustees.

(E) Standards: No special use shall be recommended by the Zoning Board of Appeals unless said Board shall find:

1. That the establishment, maintenance or operation of the special use will not be detrimental to or endanger the public health, safety, morals, comfort or general welfare.

Village of Barrington Hills

5-10-7: SPECIAL USES

2. That the special use will not be injurious to the use and enjoyment of other property in the immediate vicinity for the purposes already permitted, nor substantially diminish and impair property values within the neighborhood.
3. That the establishment of the special use will not impede the normal and orderly development and improvement of surrounding property for uses permitted in the district.
4. That adequate utilities, access roads, drainage and/or other necessary facilities have been or are being provided.
5. That adequate measures have been or will be taken to provide ingress and egress so designed as to minimize traffic congestion in the public streets and roads.
6. That the special use shall in all other respects conform to the applicable regulations of the district in which it is located, except as such regulations may in each instance be modified by the board of trustees pursuant to the recommendation of the zoning board of appeals.

(F) Conditions And Guaranties: Prior to the granting of any special use, the zoning board of appeals may recommend, and the board of trustees shall stipulate, such conditions and restrictions upon the establishment, location, construction, maintenance and operation of the special use as deemed necessary for the protection of the public interest and to secure compliance with the standards and requirements specified in subsection (E) of this section. In all cases in which special uses are granted, the board of trustees shall require such evidence and guaranties as it may deem necessary as proof that the conditions stipulated in connection therewith are being, and will be, complied with.

(G) Effect Of Denial Of A Special Use: No application for a special use which has been denied wholly or in part by the board of trustees shall be resubmitted for a period of one year from the date of said order of denial, except on the grounds of new evidence or proof of changed conditions found to be valid by the zoning board of appeals and the board of trustees.

(H) Revocation: In any case where a special use has not been established within six (6) months after the date of granting thereof, then without further action by the zoning board of appeals or the board of trustees, the special use authorization shall be null and void. The zoning board of appeals may, upon application filed within said six (6) months, and for good cause, extend said time an additional six (6) months.

(I) Special Uses On Historical Sites: An applicant may request as a unique historical use any permitted and/or special use allowed in any zoning district to be allowed in any other zoning district, subject to compliance with the following conditions:

1. Proof that the subject property or the improvements thereon are of historic value or significance and that preservation of the same will be enhanced, maintained or assisted by permitting the unique use as proposed.

Village of Barrington Hills

5-10-7: SPECIAL USES

2. Proof that permitting the unique use will be of some affirmative benefit, from a land use or preservation standpoint, to the subject property, the surrounding properties and neighborhood, and the village.
3. The application shall have the burden of presenting clear and convincing proof that the unique use is justified and proper.

**PETITION TO AMEND SPECIAL USE PERMIT
GRANTED BY RESOLUTION NO. 01-02 OF
THE VILLAGE OF BARRINGTON HILLS**

TO: Chair and Members of the
Zoning Board of Appeals
Village of Barrington Hills

CC: Village Clerk
Village of Barrington Hills

PETITIONER: Barrington United Methodist Church
98 Algonquin Road
Barrington Hills, Illinois

DATE: January 8, 2016

The undersigned petitioner, Barrington United Methodist Church ("BUMC") represented by attorneys, Nancy S. Harbottle, and Arthur L. Janura, Arnstein & Lehr, hereby petitions the Village of Barrington Hills, Illinois (the "Village") to amend the existing special use permit, approved by the Village Board of Trustees on January 22, 2001 by Resolution 01-02, and the Site Development Plan attached thereto ("Special Use Permit"), and thereafter amended from time to time, to permit an illuminated dimensional wall sign stating "BARRINGTON UNITED METHODIST CHURCH" on the canopy arc of the northwest elevation of the existing sanctuary building and including the symbol of the United Methodist Churches, an illuminated Flame and Cross to be located above the canopy arc on the northwest elevation of the building (sometimes hereinafter referred to as "sign and symbol"). BUMC's property and facilities are in the R1-District of the Village. Pursuant to Section 5-10-7, "Special Uses" of the Zoning Ordinance, and in support of this Petition, BUMC states as follows:

1. Petitioners are the owners of record of the property legally described in Exhibit A and Exhibit B attached hereto and made a part hereof and commonly known as 98

Algonquin Road, Barrington Township, Barrington Hills, Illinois 60010, PINS: 01-15-300028, and 01-15-300-008, consisting of approximately 23.74 acres and also PINS 01-15-300-005, 01-15-300-029 and 01-22-100-004 consisting of approximately 8 acres and commonly known as 264 Old Bartlett Road legally described on Exhibit C, (both Exhibit A, Exhibit B and Exhibit C are hereinafter referred to as the subject property ("Subject Property")).

2. The contiguous and adjoining owners of records, their addresses and PINs numbers are identified on Exhibit D, attached hereto and made a part hereof, and they will be noticed appropriately of the public hearing when the Village schedules such public hearing, by certified mail return receipt requested as required by the Village Zoning Code.

3. Petitioners request that the Village amend the Special Use Permit to permit an illuminated dimensional wall sign stating "BARRINGTON UNITED METHODIST CHURCH" extending forty-six (46') across the canopy arc of the sanctuary building and for the symbol of the United Methodist Churches, a Flame and Cross which will be centered above the wall sign both on the northwest elevation of the sanctuary building as depicted on Exhibit E, the sign plan prepared by The Holland Design Group dated 08-07-2014, as amended, attached hereto and made apart hereof. The letters of the wall sign will be eighteen (18") inches in height, with a depth of three (3") inches will be fabricated from aluminum with Plexiglas lens with internal LED module lighting 3 per foot and remote mounted transformers 120 single phase. The Flame and Cross symbol of the United Methodist Church will be fabricated from .080 inch aluminum sheet with .063 inch returns, stud mounting painted finish (the Flame is red and the Cross Black) with Plexiglas lens, LED internal module lighting, 3 modules per foot with enclosed transformer. The Flame and Cross cover an area of twelve (12") feet by seven (7) feet.

FACTS IN SUPPORT OF PETITION

In 2003 BUMC completed the construction of the church facilities located in the Village at 98 Algonquin Road. BUMC moved in and began using the church facilities to further its mission, which is "building a community to worship God and create disciples to serve all people". BUMC has been a special and exceptional member of the Village since that time. It has complied with all building ordinances, rules and regulations of the Village and the provisions of the Special Use and amendments. BUMC now requests that the Village permit a wall mounted illuminated sign and the Flame and Cross symbol. The church believes that such a sign and the Flame and Cross Symbol will provide visible identification of the church as a Methodist congregation and encourage all who see the sign and are seeking a church home to investigate further and attend a service. Also it will serve the purpose of easily identifying the Barrington United Methodist Church to all motorists in the vicinity as further discussed below.

The standards for special use set forth in the Zoning Ordinance as Section 5-10-7 (E) have been met either by the original Special Use granted in 2003 or as follows:

1. The establishment, maintenance and operation of the requested amendment will not be detrimental to or endanger the public health, safety, morals, comfort or general welfare. The meeting of IL Route 68, IL Route 59, Sutton Road and Brinker Road is the major intersection in the Village and extremely well-traveled.

Signs somewhat similar to the proposed sign already exist near this intersection, as follows: at the Village Hall property with an illuminated sign

identifying the police station and Village Hall; the Fire Protection District with an illuminated sign mounted on its building very similar to the proposed sign; and at another church facility, The Chapel. These existing signs have not changed or damaged the residential character of the surrounding areas of the Village neither will the placement of the proposed sign and symbol.

2. In addition the information in the above paragraph 1, this amendment to the Special Use will have no impact on property values as the church has been in this location for more than a decade and the church has caused no decline in property values. Further the sign and symbol will not be visible to residential properties as it is on the northwest elevation of the sanctuary.
3. The normal and orderly development and improvement of surrounding properties has continued since 2003 for the uses permitted in the zoning district and BUMC is not aware of any negative effect. The uses on the surrounding properties are as follows: To the north across Algonquin Road, is Crabtree Nature Preserve, to the south a single family house, to the east a subdivision located in South Barrington and to the west, is the Village Hall and Police Station and the Fire Protection Station, further north on Route 59 another church.
4. There are existing adequate utilities, access, roads, drainage and other necessary facilities for BUMC which are more than adequate for the proposed sign and symbol.
5. The sign and symbol will not increase traffic and will provide visible identification to people attending services, events or other outreach programs of BUMC. It will visually aid motorists traveling along the roads as to the location of BUMC. The size and illumination of the sign will make it easy to read and see from a

passing vehicle. The proposed Flame and Cross as the symbol of a United Methodist church is well known by members of a United Methodist church and many others. (The history of the Flame and Cross dates from 1968 and the union of The Methodist Church and the Evangelical United Brethren Church.)

6. This amendment to the special use shall in all other respects conform to the application regulations of the district, (as the church has complied with the original special use), except as such regulations may in each instance be modified by the Village Board of Trustees pursuant to the recommendation of the Zoning Board of Appeals.

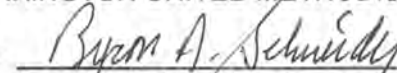

Finally, BUMC, after the addition of the sign and symbol on the northwest elevation of the sanctuary, will continue to be a beautiful, traditional church building at the center of the Village, both an asset to the entire Barrington Area community and very compatible with the Village residential areas.

Therefore, Petitioners ask that the Special Use Permit be amended to permit an illuminated dimensional wall sign stating "BARRINGTON UNITED METHODIST CHURCH" on the canopy arc of the northwest elevation of the existing sanctuary building and including the symbol of the United Methodist Churches, an illuminated Flame and Cross to be located above the canopy arc on the northwest elevation of the building, as depicted on Exhibit E.

RE: Petition to Amend Special Use Permit
Barrington United Methodist Church

Dear Neighbors:

This is to verify that Barrington United Methodist Church's Board of Trustees is authorized to act in the church's behalf regarding a petition to amend the church's Special Use Permit.

The Barrington United Methodist Church is incorporated under the laws of Illinois. It is further subject to the *Discipline of the United Methodist Church*. The *Discipline* authorizes the church conference (a meeting of all local church members) in Sections 246, 247, 248 and Section 2529 to delegate its powers to the Board of Trustees with "respect to the purchase, sale, mortgage, encumbrance, construction, repairing, remodeling and maintenance of any and all property of the local church."

- On September 1, 2015 at its regular monthly meeting, the Board of Trustees voted to place the name of the church and the Methodist Church's cross and flame logo on the west end of the church's building. Minutes attached.
- Byron A. Schneider was elected chair of the Board of Trustees for the church year (July, 2015 – June, 2016).
- Therefore, Mr. Schneider, representing the Board of Trustees, is authorized to sign and act on behalf of the church in the matter involving its request to amend its Special Use Permit and his signature is binding on the church.

If further clarification is desired, please do not hesitate to call me at 847-836-5540. Thank you.

Sincerely

PASTOR'S COMMENTS

- SITE COMMITTEE

The 175th committee has been looking for a big project to kick off with the 175th anniversary. Chris asked us at a previous meeting to put together a committee to look at what plans we should have for the future of our land (things like the faith path.) This committee has been formed and had their first meeting last week. They discussed various things like the Frycek property and moving the back entrance, adding a maintenance building, picnic area/pavilion, lake walk, family life center (gym, locker rooms). There is no building in the northern Illinois conference big enough to hold the annual conference, so we could consider the value to us of a building that size. A building this big that would be used by the conference would likely be done in partnership with the conference (they would put up some money). At the top of the list of things to do were moving the back drive and cleaning up a lot of the scrub vegetation across the property. We may need to think about a different way to do the property maintenance as we change the landscaping.

- NEW SUNDAY SCHEDULE EARLY OBSERVATIONS

Worship attendance in June 2012 was ~220 (value for an average Sunday). As of June this year, attendance was ~280. On the first Sunday of the new schedule, there were ~420 unique individuals. On the second Sunday of the new Sunday there were ~330 attendees. We need to watch further to learn what the trend is. We're also seeing a good number of new folks, including repeaters. We are starting to see some challenges with the building space. For example, since the Fellowship Hall is used during the services for JAM, the brunch last Sunday was in the dining room and was at capacity for part of the time.

FINANCE UPDATE

Trustees are still close to on budget for the year. We recently had to address a broken heat exchanger, which was rather an ordeal. Since the rest of our HVAC units are the same age as that one, we should probably consider increasing our HVAC budget in the future.

ORGAN REPAIR UPDATE

The organ requires \$25k in repairs. Bogue is our authorized service maintenance provider for our organ. Wick is the company that built the organ. The organ itself originally cost ~\$500k and is only ~10 years old, so this amount of repair seems rather unreasonable. The issue with the organ is the keys, which are warping. To repair the organ, it needs all new keys. Bogue is also suggesting other fixes/upgrades that we could do at the same time. When we got Wick on the phone about the keys, they offered to replace all of the keys for half the price. We have asked Wick to talk with Bogue to see if they could get us a deal where Wick provides the keys and Bogue provides the upgrades and labor to install the keys. We're still waiting on this estimate.

Chris, Ron

At the same time, we are also discussing why we have a humidity problem impacting the organ in the first place. It seems that there may have been a water problem in the sanctuary when the organ was installed. Ron has talked with a guy about getting a humidity map of the building. Cleve offered that his dad does HVAC and would probably be willing to do a humidity map for a pro bono. Our HVAC company is currently thinking about what we would need to add to have control over the humidity (add moisture in the winter, remove it in the summer). Right now, the sanctuary has been held at a constant temperature (instead of only cooling the sanctuary on the weekend) to see if that helps.

OLD BARTLETT ROAD PROPERTIES UPDATE

Ron

Nothing substantially new. We went back to the realtor on the offer for 246A – we tendered the offer in late April. The seller didn't acknowledge it until late June and the bank said they would respond in 90 days. We are about 60 days into that 90 days so we are just waiting.

For the Frycek property, we are waiting for an invitation back so that Mary Williams can go back in there and try to put together more information about the property to bring back to share with the church.

ENERGY CONSULTANTS

There was a conference Trustees meeting at the church last week and there was a breakout session with an energy consultant service. They are offering to do a free energy audit for non-profit churches on energy efficiency and provide suggestions. We have almost 800 light fixtures in the building, so this seems worth doing. Ron will have the energy consultants do an audit and we will discuss again when we have the results.

WEST END SIGNAGE

We have two proposals to put our name and a cross and flame logo on the west end of the building. One is for spot-lit signage and the other is for backlit signage. There is also some electrical work required to get electricity out to the lights. The estimate for all spot-lit signage would be ~\$8k and for all backlit signage would be ~\$22k. If we were to backlight the name and spotlight the cross and flame, that would be ~\$19k. Additionally, the electrical work would be ~\$2500. The funding for this would likely come from the building fund, possibly some funding could come from memorials. We will need to get village approval for this project. The group is largely for backlighting the letters, though there is some concern about how effective the backlighting would be and how it would look compared to spotlighting the letters.

Cleve moved that Ron can make a decision based on his good judgement after finding answers to some of the questions that we have raised. Dave seconded. The motion passed.

MISCELLANEOUS

- FALL WORK DAY – we will schedule this for October 17th
- NACA PLAYGROUND MULCH – mulch will be delivered Friday and will be spread on Saturday – anyone with a couple free hours is welcome to come help.
- I/S CONTRACTOR CHANGE – we have changed our information services contractor. Harold Crane who serviced us since before we were in this building is no longer considered to meet our needs. They interviewed a number of companies and have hired a new company that Chris has worked with in the past and highly recommended.

I, Rev. Christopher E. Winkler, being duly sworn under oath, understand that the penalty of perjury can be imposed for falsified statements, and do hereby testify as follows:

1. I am the Pastor for the Barrington United Methodist Church (BUMC).
2. BUMC is located at 98 Algonquin Road, Barrington Hills, IL 60010.
3. 98 Algonquin Road is the site of the church facilities and parking lot.
4. The PIN for 98 Algonquin Road is 01 15 300 008 and a Religious Property Tax Exemption for the property was applied for and received prior to 2000.
5. BUMC acquired the property which is the subject of this application because it is adjacent and contiguous to 98 Algonquin Road.
6. The parcels for which the exemption is sought are identified as Permanent Index Numbers:

01-15-300-005-0000	46,543 sq. ft.
01-15-300-029-0000	154,162 sq. ft.
01-22-100-004-0000	145,778 sq. ft.
7. The reason that an exemption for PINS 01-15-300-029 and 01-22-100-004 was not requested by BUMC prior to this application, is that there was a residence on the parcels which was rented and, therefore, those parcels were not used solely for tax exempt purposes.
8. The residential structure and outbuildings were demolished in 2013 since that date the property has been used by the Church solely for tax exempt purposes.
9. In 2011, BUMC applied for an exemption for PIN 01-15-300-005 which was not part of the rental property, however, exemption was denied and the church did not appeal the denial.
10. The parcels for which the religious exemption is sought are used for religious purposes which include but are not limited to the following: a natural area for educational purposes for the church's preschool and grade school programs; walking paths and meditation areas for the entire congregation; fellowship for members such as church-wide picnics, campfires for adults and youth groups, fall festivals, and outdoor worship services and informal worship. The parcels also provide for an expansion

of the church's community garden which gives thousands of pounds of produce to local area food panties.

Ron:

I have attached the proof for the Public Hearing sign you requested.

The estimate for the plastic material you requested is as follows:

The thinner 5/32" thick plastic material would run \$89.

The thicker 3/8" thick plastic material is not much more at \$95.

I thought this thicker size sign would not be too different.

Please let us know which material you prefer and also let me know if the layout is OK or if you need us to make any changes.

Thanks,

Rich

Bob,

The following are my comments relating to the installation of the signage for the Barrington Methodist Church:

1. Provide details indicating the means of anchoring the signage to the building. This includes; metal anchors, bolts or approved expansion screws of sufficient size and anchorage to safely support the applied loads. This shall also address withstanding wind pressure.
2. The plan does not address the electrical details adequately. Indicate on the plan the type and size of electrical wiring, piping and the source from the existing panel. Illuminated signs are required to have a visible disconnect at the sign.

Should you have any questions regarding these comments feel free to contact me.

Thanks,

The attached is proved for comment as to the proposed adequacy of installation of the described sign.

Consideration should be given to size, weight and material.

Also note there are provision for electrical service.

If other details are so require for an opinion of the Building Department, please request such.

The opinion should be received in sufficient time to present to the ZBA at its meeting of Wednesday February 17th.

PUBLIC HEARING
Before the Zoning Board of Appeals,
Village of Barrington Hills,
Re: 337 Ridge Road

Notice is hereby given that a Public Hearing will be held on Wednesday February 17, 2016 at 7:30 p.m. or as soon thereafter as the matter may be heard by the Zoning Board of Appeals of the Village of Barrington Hills in the MacArthur Room of the Village Hall, 112 Algonquin Road, concerning the application of the St. Mark's Episcopal Church for the amendment of their Special Use being a religious institution, subject to the provisions of Section 5-10-7 of the Zoning Ordinance.

The application concerns a special use requested to permit the use of the Subject Property for a religious institution, including the existing church, rectory, columbarium and playground. The existing Church was constructed precedent to the inclusion by the Village of religious institutions and accessory uses as a Special Use in the R-1 district referenced in Section 5-5-3 of the Zoning Ordinance. The columbarium was granted a special use.

The purpose of this special use will be to bring the entire parcel and uses under the Special Use provision of Chapter 10 of the Zoning Ordinance and to allow for the construction of a three seasons room addition to the rectory within 29 feet of the east lot line.

The Church rectory, columbarium and playground are all on the same parcel having the common postal address of 337 Ridge Road and said parcel of approximately 5 acres is more fully described in the application to amend the Special Use as follows, that part of the North half of the Northwest Quarter of the Southwest Quarter of the Northwest Quarter of Section 28, Township 43 North, Range 9 East of the 3rd Principal Meridian in Lake County

5-10-7: SPECIAL USES

(A) Purpose: The development and execution of a zoning ordinance is based upon the division of the Village into districts, within which districts the use of land and buildings and the bulk and location of buildings and structures in relation to the land are substantially uniform. It is recognized, however, that there are special uses which, because of their unique characteristics, cannot be properly classified in any particular district or districts without consideration, in each case, of the impact of those uses upon neighboring land and of the public or private need for the particular use at the particular location. Such special uses fall into two (2) categories:

1. Uses publicly operated or traditionally affected with a public interest.
2. Uses entirely private in character but of such an unusual nature that their operation may give rise to unique problems with respect to their impact upon neighboring property or public facilities.

(B) Initiation of Special Use: An application for a special use may be made by the owner of the subject property, or by another person having an interest therein with the written concurrence of the owner thereof, to use said property for one or more of the special uses provided for in this Zoning Title in the zoning district in which the land is situated.

(C) Application for Special Use: An application for a special use shall be filed in writing with the Enforcing Officer. The application shall contain such information as the Zoning Board of Appeals may from time to time, by rule, require. Notice of the time and place of such public hearing shall be published at least once, not less than fifteen (15) days nor more than thirty (30) days before the hearing in a newspaper of general circulation in the Village. The published notice may be supplemented by such additional form of notice as the Board, by rule, may require.

(D) Authorization: For each application for a special use the Zoning Board of Appeals shall report to the Board of Trustees of the Village its findings and recommendations, including the stipulations of additional conditions and guarantees that such conditions will be complied with when they are deemed necessary for the protection of the public interest.

The Board of Trustees may grant or deny any application for a special use; provided, however, that in the event of written protest against any proposed special use, signed and acknowledged by the owners of twenty percent (20%) of the property adjacent to the property proposed for a special use, and filed with the Village Clerk, such special use shall not be granted except by the favorable vote of two-thirds (2/3) of all the members of the Board of Trustees.

(E) Standards: No special use shall be recommended by the Zoning Board of Appeals unless said Board shall find:

1. That the establishment, maintenance or operation of the special use will not be detrimental to or endanger the public health, safety, morals, comfort or general welfare.

Village of Barrington Hills

5-10-7: SPECIAL USES

2. That the special use will not be injurious to the use and enjoyment of other property in the immediate vicinity for the purposes already permitted, nor substantially diminish and impair property values within the neighborhood.

3. That the establishment of the special use will not impede the normal and orderly development and improvement of surrounding property for uses permitted in the district.

4. That adequate utilities, access roads, drainage and/or other necessary facilities have been or are being provided.

5. That adequate measures have been or will be taken to provide ingress and egress so designed as to minimize traffic congestion in the public streets and roads.

6. That the special use shall in all other respects conform to the applicable regulations of the district in which it is located, except as such regulations may in each instance be modified by the board of trustees pursuant to the recommendation of the zoning board of appeals.

(F) Conditions And Guaranties: Prior to the granting of any special use, the zoning board of appeals may recommend, and the board of trustees shall stipulate, such conditions and restrictions upon the establishment, location, construction, maintenance and operation of the special use as deemed necessary for the protection of the public interest and to secure compliance with the standards and requirements specified in subsection (E) of this section. In all cases in which special uses are granted, the board of trustees shall require such evidence and guaranties as it may deem necessary as proof that the conditions stipulated in connection therewith are being, and will be, complied with.

(G) Effect Of Denial Of A Special Use: No application for a special use which has been denied wholly or in part by the board of trustees shall be resubmitted for a period of one year from the date of said order of denial, except on the grounds of new evidence or proof of changed conditions found to be valid by the zoning board of appeals and the board of trustees.

(H) Revocation: In any case where a special use has not been established within six (6) months after the date of granting thereof, then without further action by the zoning board of appeals or the board of trustees, the special use authorization shall be null and void. The zoning board of appeals may, upon application filed within said six (6) months, and for good cause, extend said time an additional six (6) months.

(I) Special Uses On Historical Sites: An applicant may request as a unique historical use any permitted and/or special use allowed in any zoning district to be allowed in any other zoning district, subject to compliance with the following conditions:

1. Proof that the subject property or the improvements thereon are of historic value or significance and that preservation of the same will be enhanced, maintained or assisted by permitting the unique use as proposed.

Village of Barrington Hills

5-10-7: SPECIAL USES

2. Proof that permitting the unique use will be of some affirmative benefit, from a land use or preservation standpoint, to the subject property, the surrounding properties and neighborhood, and the village.
3. The application shall have the burden of presenting clear and convincing proof that the unique use is justified and proper.

SPECIAL USE APPLICATION

1. THE ESTABLISHMENT, MAINTENANCE OR OPERATION OF THE SPECIAL USE WILL NOT BE DETRIMENTAL TO OR ENDANGER THE PUBLIC HEALTH, SAFETY, MORALS, COMFORT OR GENERAL WELFARE; BECAUSE IT WILL NOT ALTER THE USE OF THE HOME.
2. THE SPECIAL USE WILL NOT BE INJURIOUS TO THE USE AND ENJOYMENT OF OTHER PROPERTY IN THE IMMEDIATE VICINITY FOR THE PURPOSES ALREADY PERMITTED, NOR SUBSTANTIALLY DIMINISH AND IMPAIR PROPERTY VALUES WITHIN THE NEIGHBORHOOD AND DESCRIBED SCREENED PORCH IS SIMILAR TO OTHERS IN THE NEIGHBORHOOD, IS IN KEEPING WITH THE CONSERVATIVE SIZE OF THE HOME AND WILL NOT BE IN THE VIEW OF ANY OTHER NEIGHBORING HOMES.
3. THE ESTABLISHMENT OF THE SPECIAL USE WILL NOT IMPEDE THE NORMAL AND ORDERLY DEVELOPMENT AND IMPROVEMENT OF SURROUNDING PROPERTY FOR USES PERMITTED IN THE DISTRICT; AND WILL NOT BE AN EYESORE BECAUSE IT DOESN'T DIFFER ARCHITECTURALLY FROM OTHER HOMES IN THE NEIGHBORHOOD AND IMPROVES THE LOOK FOR THE HOME.
4. ADEQUATE UTILITIES, ACCESS ROADS, DRAINAGE AND /OR OTHER NECESSARY FACILITIES HAVE BEEN OR ARE BEING PROVIDED; AND WILL NOT AFFECT ANY EXISTING UTILITIES. ALL OF THE BUILDING CODES AND REQUIREMENTS WILL BE ADDRESSED. NO CHANGE WILL BE NECESSARY TO THE SURROUNDING ROADS, UTILITIES, DRAINAGE OR OTHER FACILITIES.
5. ADEQUATE MEASURES HAVE BEEN OR WILL BE TAKEN TO PROVIDE INGRESS AND EGRES SO DESIGNED AS TO MINIMIZE TRAFFIC CONGESTION IN THE PUBLIC STREETS AND ROADS; AND WILL IMPACT PROPERTY ONLY. THE SPECIAL USE SHALL IN ALL OTHER RESPECTS CONFORM TO THE APPLICABLE REGULATIONS OF THE DISTRICT IN WHICH IT IS LOCATED, EXCEPT AS SUCH REGULATIONS MAY IN EACH INSTANCE BE MODIFIED BY THE BOARD OF TRUSTEES PURSUANT TO THE RECOMMENDATION OF THE ZONING BOARD OF APPEALS. THE ONLY MODIFIED CONDITION IS SETBACK AND WE ARE KEEPING THE EXISTING DRIVEWAY AS IT HAS BEEN FOR THE LAST 50 YEARS THE HOME HAS BEEN IN EXISTENCE WITHOUT ANY ISSUES.

THEREFORE, ST. MARK'S REQUESTS THE ZBA TO AMEND THE SPECIAL USE AND GRANT US PERMISSION TO BUILD THE SCREEN PORCH

Dear Gary & Donna,

St. Mark's is currently renovating the existing rectory to make much needed improvements for Father David Gibbons and his family. We have filed with the Zoning Board at the Village of Barrington Hills to amend the Special Use to add a modest screened in porch for the rector and his family to escape the mosquitoes.

The porch would change the existing footprint of the home. It would be located 29.01 feet from the East lot line, and built on the South side of the home behind part of the existing garage and existing kitchen area. The structure will be in keeping with the current modest Cape Cod style of the home. It will have white painted siding to match the existing siding on the home, be a single story addition, and used for 3 seasons. It will be built on a slab, at grade and will be 17'x16'. The road and driveway would remain as it has existed since the house was built. It doesn't appear to impinge on anyone's vista since the east lot line has a fence and bushes. The Zoning Board of Appeals (ZBA) is scheduled to meet on February 17, 2016 at the Barrington Hills Village Hall. A plan of the porch is included in the letter in order to provide a visual of its modest size and discreet location. Please feel free to give me a call if I can answer any questions for you at 847-381-0596.

Thank you in advance for your consideration to allow the ZBA to grant us this amendment.
