MEMO

To: Rosemary Ryba

Date: October 13, 2014

From: Mike Harrington

Subject: VBH Budget 2015

As you know, I will be unable to attend the Finance Committee meeting on October 23. Accordingly, here are a few notes for the budget numbers I have submitted for my areas of responsibility.

Municipal Building and Grounds

2015 budgeted numbers are the same as the 2014 budget numbers with two exceptions:

- 1) Exterior Building Maintenance was reduced from \$25,000 to \$20,000.
- 2) Landscape Restoration was increased from \$22,000 to \$27,500. This is to allow for the purchase and planting of plants to replace dead plants in village plant beds.

Although actual Building and Grounds expenditures for 2014 are likely to come in under budget, I recommend that we continue to utilize the same 2014 budget figures for 2015 because many of the expenses in this category are repairs and can be unexpected and are difficult to predict. We do not want to have insufficient budget to do necessary repairs. Moreover, the overall category budget of \$157,500 is relatively small compared to the village's overall budget.

Health Services

The category is small, with only three accounts. My recommendation is to maintain 2015 budgeted expenses at \$7,500, which is the same total level as 2014. I shifted \$500 from Board of Health to Animal Services, but the overall budget remains the same from 2014 to 2015.

Insurance

Unfortunately we did not receive our 2015 rate quotes as of the budget cutoff date. Accordingly, we did our best to estimate "placeholders" pending final quotes, which we expect to receive the third week of October for Health Insurance and early November for Property and Casualty.

VBH Budget 2015 (Memo) October 13, 2014 Page Two

For health insurance, there are two components of cost: fixed premiums and variable expense in the form of village reimbursements for deductibles. Preliminary discussions with our insurance broker indicated fixed premium estimated increases of "single digit," which is reflected in the placeholder budget number. Variable costs are a function of the how often and to what degree village employees utilize covered health services. Historically the utilization rate has been around 80%. However, for 2014, the utilization rate through the end of August was at a lower cost level of 42%. Utilization may be lower because: A) Employees are healthier; and/or B) The 2014 policy included an "imbedded deductible" of \$4,000 per individual family member vs. the higher total family deductible of \$5,000; and/or C) The implementation of higher employee sharing in deductibles and premium costs has created greater "elasticity of demand" for health services, which is to say that employees are less inclined to use health services when their out-ofpocket cost of such service increases. We don't know for sure and with only 8 months of data it is premature to forecast 2015 based upon 2014 YTD August numbers. Furthermore, the higher cost sharing change did not apply to union employees and we won't know if it will until collective bargaining negotiations are concluded. Accordingly, my budget includes a more conservative utilization figure of 80%, the historical norm.

Additionally, the budget includes a new expenditure line item ("VSP Expenses") for the Voluntary Separation Plan (VSP) (Res. 14-19). Two eligible employees have elected to participate and an amount of \$49,000 has been budgeted accordingly. "VSP Expenses" will reflect the Village's payment of their medical premiums and has been place marked with an estimated 10% increase over the 2014 premium rate.

For property and casualty polices, our insurance broker advised us that we should reasonably expect increases of 2-4%. Workers comp premiums are estimated to decrease 3%, and the budget utilizes this figure with an appropriate adjustment for the overall change in the number of employees. Final quotes are expected Mid-November.
