THIRD QUARTER REVIEW

The Treasurer's Report for September was distributed and referenced as the reported revenue and expense performance of the Village up to and including the Third Quarter. Expenses are prorated on a monthly basis. Detail financial activities are contained in the Schedules as attached to the monthly Treasurer's Report and will be presented with the Report at the regular October Meeting.

No action was taken.

REVENUE FORECAST 2016 DISCUSSION

Using the Revenue report portion of the Treasurer's Report, each revenue source was reviewed for estimated future performance. Revenue from the tax levy is for planning purposes proposed to be flat. MFT is proposed to remain throughout 2016 in the amount as received in June 2015. The sense of the Committee was that the Vehicle Sticker program was not to occur in 2016 and therefore no review is expected. All other reported reviews are to perform similar to the experience of 2015.

The revenue forecasted will be used for planning purpose with the Budget Worksheets.

2016 BUDGET WORKSHEET RECOMMENDATION

Each Department presented as a worksheet its forecasted expenses for FY 2016. The Liaison Trustees as present described activities in the budget worksheet. Staff as present provided details. Chief Richard Semelsberger described the operational expenses forecasted for the transfer of dispatch services to QuadComm. Dan Strahan as Village Engineer describe the five year forecasted road program and the expenses to be reimbursed in the reconstruction of the Cuba Road Bridge. Certain classes of employees have salaries established by contract. The Insurance Committee has yet to receive other than a general forecast of three to eight percentage increase and no other details.

Chairman Croll requested a prorated report of the expense activities for 2015 in the Administration worksheet.

With the information as received, the process is for the Budget to be presented to the Board of Trustees at its November meeting.

PENSION FUNDING BONDS DISCUSSION

No action or discussion taken. Addition research was proposed on the IMRF contribution for 2016.
