RE: Zoning Board of Appeals 8/17 DATE: August 27, 2015

This is to advise that the Zoning Board of Appeals held a public hearing during its regularly scheduled meeting on Monday August 17, 2015 to consider an application for a variance.

The ZBA took testimony regarding a variance requested for 261 Aberdeen of five feet from the eastern side yard -- which is required to be one hundred feet -- for a private stable. The necessity for the variance was discovered upon the submission as required of the spotted survey after the pouring of the foundation. The building in all other respects complied with the Zoning Ordinance.

After the acceptance of the findings, the ZBA considered granting the variance and by a unanimous vote granted it. A record of their action was provided to the Building Department.

But for the approval of their minutes of July, no other business was undertaken by the ZBA.
