Dear Chief Murphy:

I wanted to send along, on behalf of the Barrington Honor Ride & Run and its committee members, a belated but heartfelt THANK YOU! We had an extremely successful year, raising over \$50,000.00 in funds to directly benefit injured veterans, who, like first responders such as those serving on the Barrington Hills Police Department, are our nation's true heroes. A special thanks goes to you, Deputy Chief Semelsberger, and Master Officer Dominic Caputo. You each went above and beyond the call of duty to help our efforts and to reach out to residents on our behalf to make certain we could appropriately stage the route for participants. Unfortunately, I did not get onto the route this year to meet the other officers who were helping with traffic as my time was concentrated at Citizen's Park. Please extend BHRR's sincerest appreciation and gratitude to them as well.

Without the support of the police departments and residents in the villages our event rides through, we are unable to run a successful event. Again, please know how thankful we are.

Thank you,

Dear Chief Murphy:

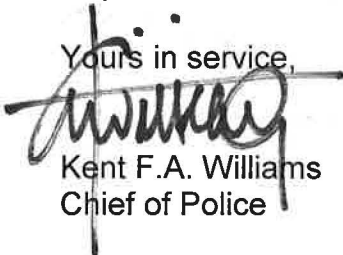

I would like to thank Officer Jeremy Hensler for responding as a member of NIPAS to assist the Bartlett Police Department with a bomb threat investigation on Thursday, October 2, 2014.

At approximately 6:40 am, the Bartlett Police Department was dispatched to Rana Meal Solutions LLC, located at 550 S. Spitzer Road in Bartlett after an employee informed the Bartlett Fire Protection District that a security guard contractor was behaving with a threatening demeanor and appeared to have an explosive device. The 25-year-old subject was still inside the building and refused to exit the facility or cooperate with the police.

The Bartlett Police Department requested the assistance of the NIPAS Emergency Response Team and the ILEAS Region 4 Weapons of Mass Destruction Special Response Team to search the 111,000 square foot facility for the subject and to safely depressurize the ammonia used in the production process. The Northern Illinois Police Alarm System Emergency Response Team and the Illinois Law Enforcement Alarm System Region 4 Weapons of Mass Destruction Special Response Team safely neutralized the hazardous material threat and then quickly located the subject without incident.

This is an excellent example of numerous law enforcement agencies working together to resolve a potentially dangerous situation in a peaceful manner. We extend our appreciation for the assistance Officer Hensler provided to the Bartlett Police Department with the recent bomb threat investigation.

Yours in service,

Dear Chief Semelsberger,

I would like to thank you for allowing Bill Walsh to assist us with conducting our recent evidence audit. Although we conduct an annual audit pursuant to CALEA standards, I wanted to go above and beyond the routine audit because I will be retiring as Sheriff and I wanted to ensure that all of our high risk evidence was accounted for. I felt that having someone from outside of our agency would uphold the integrity of this process and give a different perspective on how we manage our property and evidence. There is nothing more crucial to a law enforcement agency than ensuring that all property and evidence items are properly stored and accounted for.

The Winnebago County Sheriff's Office is responsible for nearly 120,000 pieces of property and evidence, which is no easy task. Bill did an outstanding job and worked very hard to accomplish this audit in four days. Bill's attention to detail and dedication to the accreditation process are exactly what we needed in conducting our audit this year.

I greatly appreciate you allowing Bill to assist us with this project and I would be happy to assist your agency in any way that I can in the future.

Sincerely,

Richard A. Meyers
Sheriff, Winnebago County
