MUNICIPAL PARTICIPATION POLICY

POLICY The Village shall generally refrain from providing financial or service contributions to those individuals or organizations which are not units of government.

PURPOSE The Village is a general purpose unit of government charged with the prudent and reasonable dispersal of its resources. These resources should be committed first to services which as a matter of law, the Village is obligated to provide or where no other provider of such services may exist. It is recognized that the Village's resources are principally property taxes, collected for specific purposes and distributed in a manner set by statute.
