

A RESOLUTION AUTHORIZING THE PURCHASE AND REPLACEMENT OF A SECURITY VIDEO RECORDING AND MANAGEMENT SYSTEM

WHEREAS, the Village of Barrington Hills (the “Village”) is a home-rule municipality pursuant to Article VII, Section 6, of the Constitution of the State of Illinois, and as such is authorized to take all reasonable action pertaining to its affairs in accordance therewith; and

WHEREAS, the Village Hall has a security video recording and management system that will soon reach its end of life; and

WHEREAS, the Village needs replacement of its security video recording and management system for Village Hall and grounds thereof to adequately perform the duties and obligations of the Village Police Department, and to serve and protect the Village; and

WHEREAS, based on the recommendation of the Village Police Department, the President and Board of Trustees has determined the purchase of a security video recording and management system from Current Technologies Corporation for a total amount not to exceed \$37,000.00, quote attached as Exhibit A, is in the best interest of the citizens of the Village.

NOW, THEREFORE, BE IT RESOLVED by the President and Board of Trustees of the Village of Barrington Hills, located in the Counties of Cook, Kane, Lake and McHenry, Illinois, as follows:

SECTION ONE: The recitals set forth above are incorporated herein and made a part hereof.

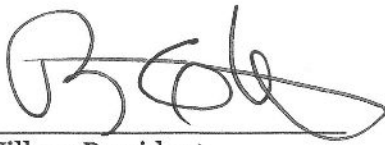

SECTION TWO: The Chief of Police is authorized to purchase a security video recording and management system from Current Technologies Corporation for a total amount not to exceed \$37,000.00, quote attached as Exhibit A, and is authorized to execute agreements related thereto, subject to Village Attorney review and approval.

SECTION THREE: This Resolution shall take effect immediately upon its passage and approval as provided by law.

Description:
Barrington Hills Police Department - AVA Camera System

Quote to perform the following:

The goal of this project is to upgrade the current surveillance system with a new up to date IP system that is both user friendly and reliable. We will install all cameras to customers liking and perform a training session once the project is complete.

AVA things to know:

- The AVA camera system is a cloud based system that doesn't require any on premise server. Video will be stored locally on the camera, and then pushed up into the cloud.
- The subscription cost is an ANNUAL fee. There are also 3 and 5 year options if this interests the customer.
- As long as you have a valid subscription you will receive the latest firmware updates of the system and they will be pushed automatically. The camera will also be under warranty (up to 10 years)

CTC things to know:

- After completion of this project CTC will guarantee the system for 30 days
- We offer different maintenance plans or retainers to choose from
- If no maintenance agreement or retainer is in place we will charge normal T&M rates for troubleshooting, issues, or repairs
- All cameras will use existing network cable to install cameras
- All cameras will be focused to customers liking
- We will be using customers existing/provided POE switches for cameras
- Configuration of AVA system will be completed by CTC
- Training of system upon completion

Assumptions:

- Access to all areas needed
- Internet access available
- Customer IT support for plugging in cameras and having internet access to each camera
- Existing network cable to be used and is considered in good working order
- Existing network switch to be used and is considered in good working order
- Anything outside scope of work will be considered a change order
